

ASK ME ANYTHING

IBM CPLEX – Weekly Live Optimization Q&A

OVERVIEW

Cresco invites you to our weekly ASK ME ANYTHING – IBM CPLEX session, a live virtual forum where customers can ask questions, explore optimization scenarios, and get hands-on guidance from our Decision Optimization specialists. Whether you're designing a new model or fine-tuning an existing one, these sessions help you unlock more value from IBM CPLEX.

WHO SHOULD JOIN?

- IBM CPLEX users and decision optimization professionals
 - Operations researchers and data scientists
 - Developers and architects embedding optimization into applications
 - Supply chain, planning, scheduling, logistics, or pricing teams
 - Organizations evaluating IBM CPLEX capabilities

JOIN THE AMA SESSION

SIGN UP ONCE AND ATTEND ANY WEEKLY SESSION.

HOW IT WORKS

Frequency: Weekly (Every Thursday)

Time: 12:30 PM CST

Format: Live Microsoft Teams session

Duration: 30 minutes

Once you register, you will receive:

- A calendar invite
- A recurring Teams meeting link (the same link works every week)

WHAT YOU WILL GAIN

- Live answers to your CPLEX questions
- Help with model formulation and MIP strategies
- Techniques for improving solve times and performance
- Best practices for optimization deployment
- Examples of real-world optimization use cases
- Open discussion with Cresco's experts
